Dear Parent/Carers,

What a busy first week back it has been. We have ran the Cross Country, participated in a gymnastics program, some of us visited the dentist and had our water fountain installed. The kids have done a fantastic job of settling back into school and class routines. Next week on Thursday we have our Mother's day stall and on Friday is our zone Cross Country at Bonalbo, stay tuned for more details. Please see our places for Cross Country below. **If your child is away from school can you please send a note, call the office or send a message via**

**Facebook to let us know.**

Relieving Principal Tabulam Public School

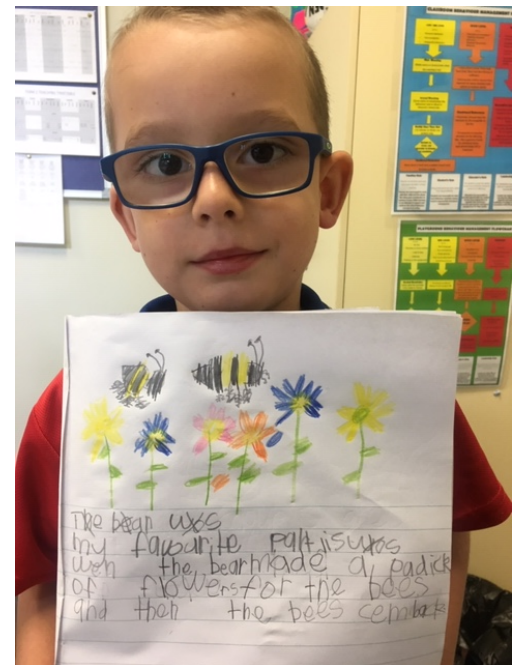

Shannon with the first drink from our new bubbler. It has filter water that is chilled and also has a spot to fill your drink bottle up. A huge thank you to Northern NSW Oral Health for the bubbler and a special thanks to Laser Plumbing for installing it. The kids have been loving it and the chilled and filtered water is fantastic.

Every Friday the children at TPS will be participating in a Gymnastics program paid for by the school. Children will learn valuable skills and at the end of the program we will travel to Lismore for 2 full days at their Lismore headquarters. The children will be learning to use balance beams, trampolines and much more to perform their gymnastics moves.

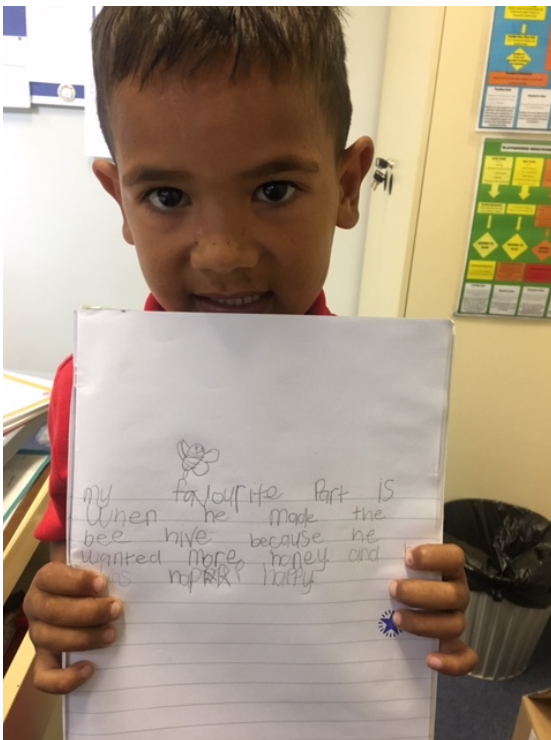

Special thanks to the boys at Laser Plumbing for installing our new water bubbler.

**Please come in for a chat as I would love to meet as many parents, friends and community members as possible. I look forward to hearing your thoughts about the school and how we can continue to improve. My door is always open and I looking forward to meeting you.**

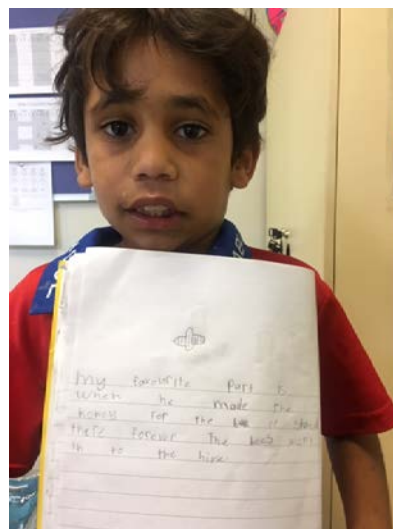

Daniel and his story about Bees.

Ricky with his fantastic writing about Bees and the Bear.
