Dear Parents, Carers, Students and community Members,

Welcome to Week 4!

This week we are excited about a visit From 'Games and Gizmo's on Wednesday where the students will experience 'An exciting day of Robotic mayhem!' The program aims to inspire students to design their own robots that have purposeful functionality. Students will broaden their understanding and appreciation for literacy, numeracy, science and creative arts while improving and developing their 21st-century skills, including problem solving, collaboration, and communication. We will include some photos in the next newsletter.

We have also had 'Dance Fever' instructors teaching our students a range of dance styles each Friday which will continue for the rest of Term. In week 9, all students will be asked to dress up in smart casual to showcase the moves that they have been learning. We will send home an invitation closer to the date.

Just a reminder that we will have our term 4 Positive Behaviour and Attendance reward excursion on Thursday Week 9. Students who have had no more than 5 days absent from school and have remained on Gold Level 90 percent of the time this term will be eligible to attend. Invitation will be handed out on Friday of Week 8.

The weather is warming up and we have noted that many students are not drinking enough water. Please send a drink bottle with water every day for your child.

Students on Gold are:

K/1 –Daniel Johnson-Brady, Savannah Simon, Dellzaliah Adams, Ricky Adams,

Year 2/3 –Sophia Hippi, Ben Wilkinson, Izaiah Ward, Gracie Martin, Shantelle Hippi, Tasharni McGrady, Shane Collins-Adams.

The Child Oral Health Service would like to remind parents and carers that teeth are important for normal development, function and health. They help children eat, speak and smile.

- Poor oral health can have adverse effects on growth, self esteem, nutrition and social behavior.
- Adult molars erupt behind the baby molars at about 6 years of age. Children need help to clean their teeth effectively
- Help your child to brush their teeth until age 8-10. Use a small amount of fluoride toothpaste, encourage children to spit out not rinse.

2,3,4,5,6 Excursion to Seaworld

RSPCA Dog & Cat Health Program

Date: Tuesday 13th & Wednesday
14th November 2018

Where: Jubullum Stadium

Time: 9 am onwards

This is a voluntary service for **Jubullum & Tabulam residents** with a Pension or Health Care card. The program offers:

- Desexing of male and female dogs and cats
- Vaccination for Parvovirus
- Microchipping
- Health check and health care advice
- Treatment for worms, ticks, fleas, mites
- Surrender of sick or unwanted dogs and cats
- Information about health care of your pet

Please note: If you want your animal de-sexed, you need to make sure they don't eat anything from the night before & right up to the surgery.

Every dog de-sexed gets a free collar.
